FUTURE 10 ADULTS

	F U Z I O N F I T	A M P L I F I E D S K I L L S	U N L E A S H E D A G I L I T Y
U L T I M A T E	Two-color engineered knit. Adaptive eyestay pattern for freedom of movement and secure lockdown during cuts, reducing material creasing. Asymmetrical low-cut silhouette provides superior ankle support. Lightweight construction ensure comfort and lockdown.	Fully engineered mesh upper with varying densities that create zoned areas for targeted grip, control, and comfort; enhanced by 2 layers of 5D integration for elevated ball feel. Simplified upper construction leverages a thinner, softer upper package that allows for better ball sensation in key contact areas.	New tooling inspired by human engineering and natural anatomy of the foot. Dual composition, with PEBA plate and TPU rim, delivers stability as well as flexibility. Z-shaped stud configuration design for multidirectional traction with central pivot stud for optimized quick turns. 5 injections + premium execution and treatments.
P R O	Engineered knit. Adaptive eyestay pattern for freedom of movement and secure lockdown during cuts, reducing material creasing. Asymmetrical low-cut silhouette provides superior ankle support.	Engineered mesh vamp with varying densities that create zoned areas for targeted grip, control, and comfort; enhanced by 1 layer of 5D integration for elevated ball feel. Quarters with soft mesh, featuring open-hole structure for a textured feel.	New tooling inspired by human engineering and natural anatomy of the foot. Dual construction, with a TPU plate and a TPU rim, delivering stability as well as flexibility. Stud configuration designed for multidirectional traction with central pivot stud for optimized quick turns. 4 injection possibilities. CAGE – PROFOAM Lite
M A T C H	Engineered knit. Adaptive eyestay pattern for freedom of movement and secure lockdown during cuts, reducing material creasing. Asymmetrical low-cut silhouette provides superior ankle support.	Full soft mesh upper, featuring open-hole structure for a textured feel. Applied print replicates the 5D visual language, reinforcing the concept of zoned performance.	New tooling inspired by human engineering and natural anatomy of the foot. Dual construction, with a TPU plate and a TPU rim, delivering stability as well as flexibility. Stud configuration designed for multidirectional traction with central pivot stud for optimized quick turns. 3 injection possibilities.
P L A Y	Knitted tongue. Low-cut silhouette.	Full soft mesh upper.	New tooling inspired by human engineering and natural anatomy of the foot. Stud configuration designed for multidirectional traction with central pivot stud for optimized quick turns. 2 injection possibilities.

UPDATED LAST: Based on human anatomy, insights, and account feedback from previous seasons.

Main improvements:

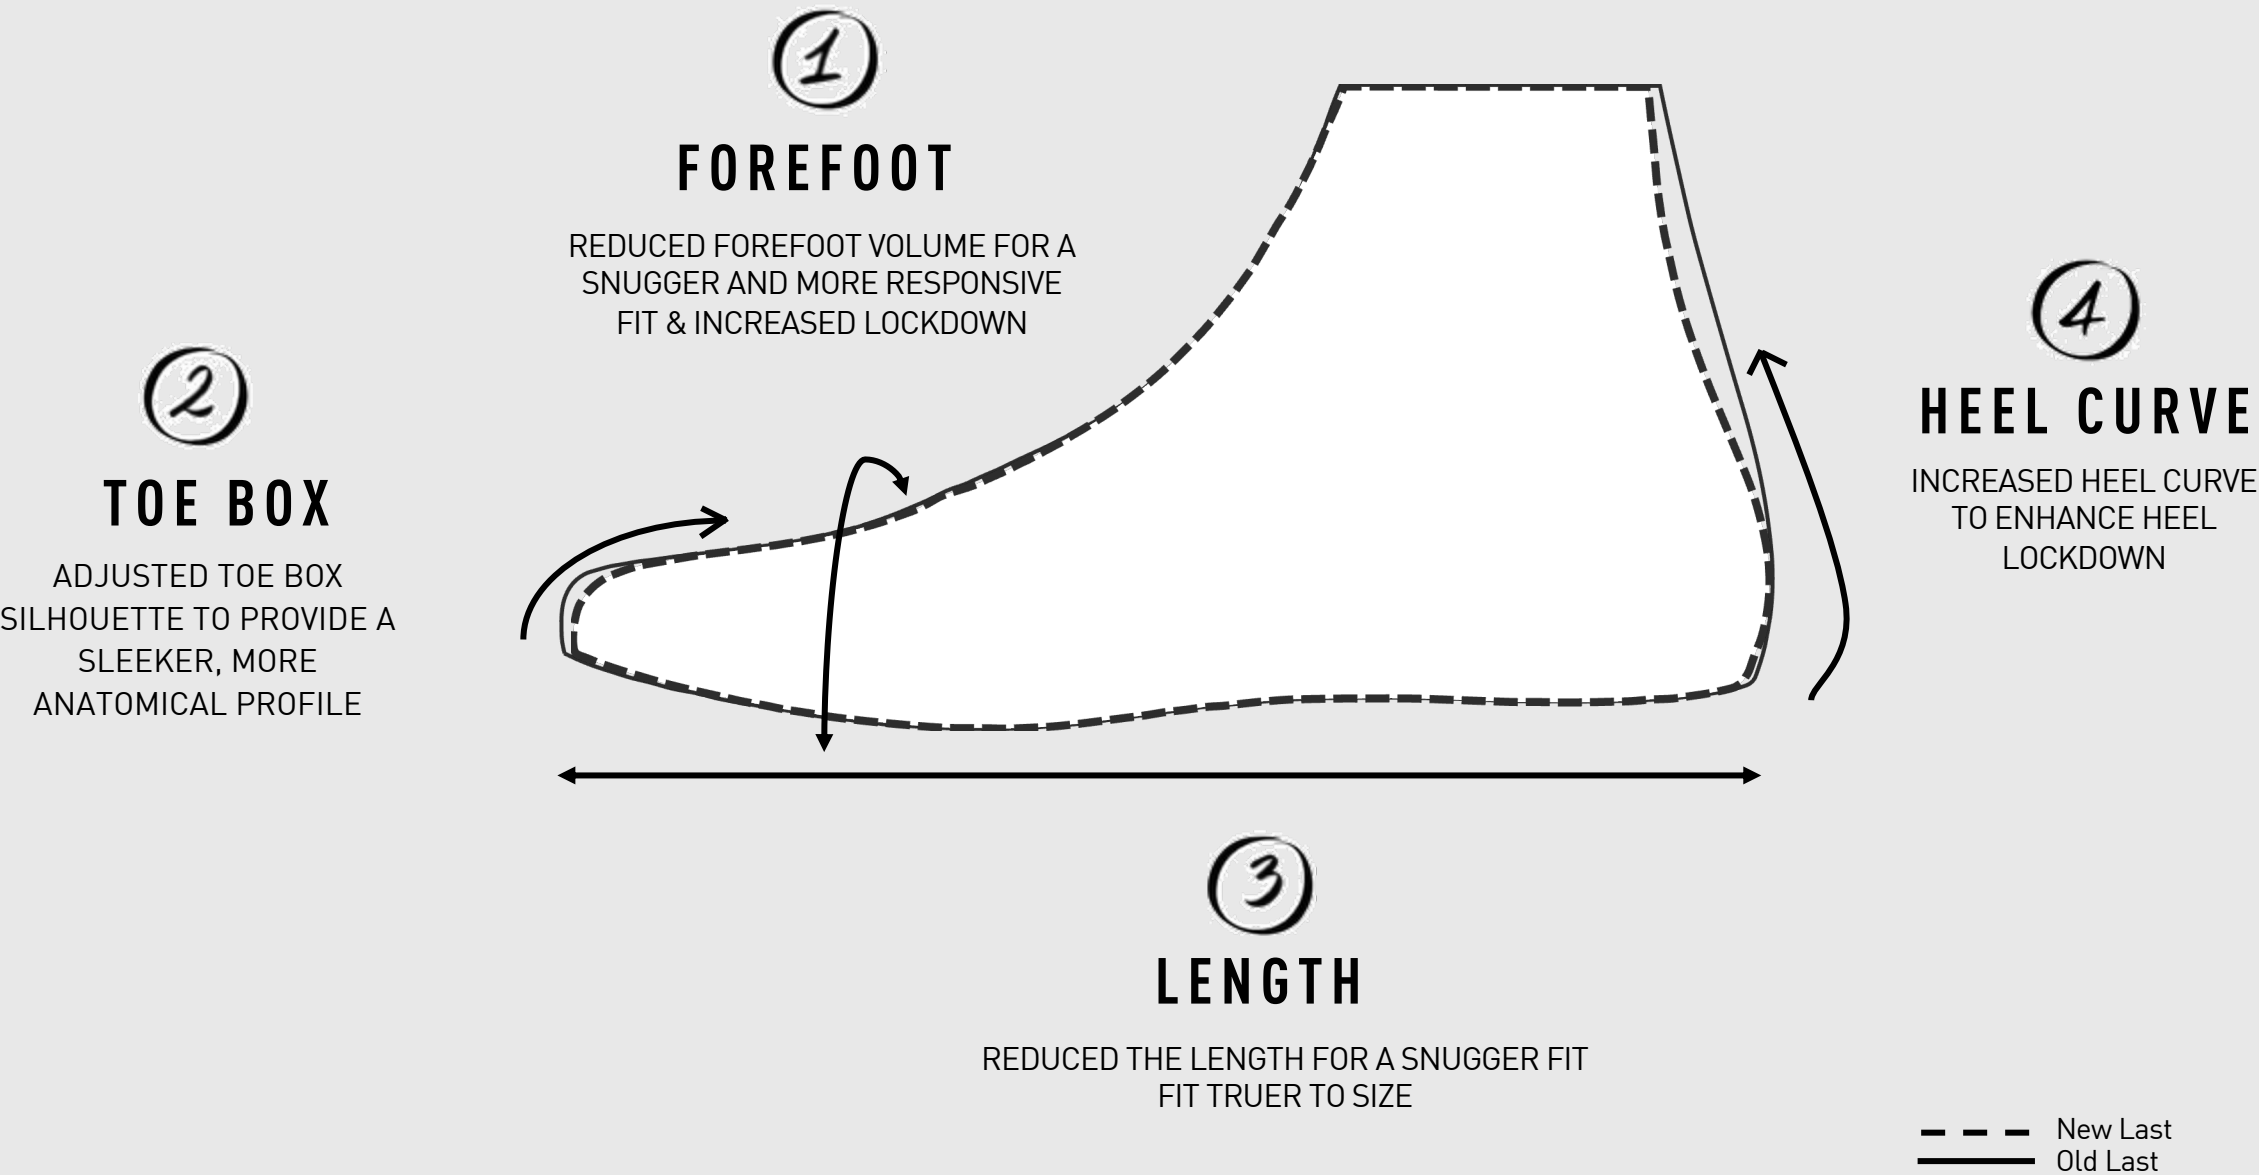

- Refined the volume in the forefoot area. Results in a snugger, more responsive fit and contributes to improved lockdown, giving athletes greater control and confidence.
- Adjusted the toe box silhouette to provide a sleeker, more anatomical profile.
- Reduction in overall length, which enhances the fit and feel on foot while ensuring the sizing is more accurate and truer to size.
- Revisited the heel curvature and made a slight increase to further enhance heel lockdown. This subtle change helps secure the foot more effectively, especially during dynamic movements

FUTURE 10 JUNIORS

	F U Z I O N F I T	A M P L I F I E D S K I L L S	U N L E A S H E D A G I L I T Y
U L T I M A T E	Two-color engineered knit. Adaptive eyestay pattern for freedom of movement and secure lockdown during cuts, reducing material creasing. P L A Y	Soft synthetic upper. Low-cut, regular tongue construction.		New tooling inspired by human engineering and natural anatomy of the foot. Stud configuration designed for multidirectional traction with central pivot stud for optimized quick turns. 2 injection possibilities.

NEW FUTURE LAST

PRODUCT DETAILS

FUTURE 10 ULTIMATE

MATERIAL

- Engineered Mesh: Zoned engineered mesh keeps the upper lightweight and responsive, with grippy textures in key areas for sharper ball control.
- Lightweight Upper: Thin, soft materials ensure natural ball feel, comfort, and secure fit.
- Tooling: Dual-composition design with PEBA plate and TPU rim for stability and flexibility.

GRAPHIC DETAILS

- Bold CAT: Lateral side emphasizes brand visibility with premium detailing; medial side adds nostalgic CAT design elements.
- 5D Print: Strategically placed 3D textures in ball-contact zones for a closer feel and sharper control.
- CLAW: Highlights adaptive eyestay for dynamic fit and bold visual appeal.

COLOR

- “New Archive”: Nostalgic designs reimagined with modern innovation.
- Q1: Advanced materials, precise detailing, and energy-driven performance (white-fizzy yellow).
- Q2: Bold impact, amplified intensity, and richer material expression (poppy glow-knockout pink).
- ECL: Deep material textures combined with vibrant color pops, turning the black boot into a statement piece (black-yellow alert-silver).

TECHNICAL DETAILS

- FUZIONFIT: Engineered knit with adaptive eyestay for freedom of movement and lockdown, minimizing creasing during cuts; asymmetrical low-cut silhouette enhances ankle support.
- Tooling: Tooling: Inspired by foot anatomy, the dual-composition outsole flexes naturally through movement. With PEBA plate, TPU rim and stud layout tuned for clean rotation and multidirectional grip.

PRODUCT DETAILS

Women's Fit 3.0

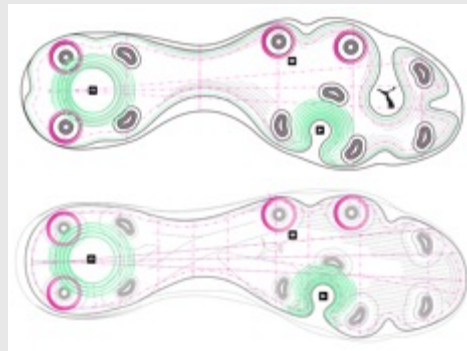

MATERIAL

- Each franchise uses a last that best fits to a woman's foot anatomy
- All franchises include a secondary women's sockliner to provide reinforced arch support

GRAPHIC DETAILS

- The tooling backpaint graphic highlights the key stud areas that were adjusted, and mimic a blueprint to evoke technical innovation
- Both drops will use the same tooling graphic to highlight the innovation for the entire season and focus on educating the consumer

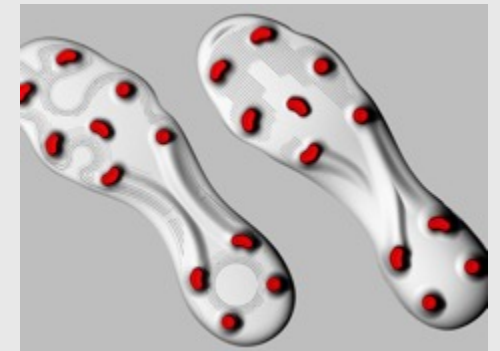

COLOR

- In Q1, we'll have a feminine, commercial colorway using white and shades of pastels.
- In Q2, on the Women's World Cup pack, we're inverting our typical women's colorways by using a bright, bold colored upper with a clean, white bottom to showcase the new tooling.

TECHNICAL DETAILS

- The stud shape was adjusted to be less aggressive, and use either conical or "smooth boundary" shapes
- The studs were also reduced in height to promote a more natural foot striking angle when landing, and to reduce movements where the knees angle inward

SS'27 NEW WOMEN'S TOOLING

FUTURE

ULTRA

-  **Elliptical “smooth boundary” shape**
BENEFIT: Decreases the likelihood of aggressive traction and helps with controlled rotation
-  **Reduced stud height and adapted shape in the lateral landing zone**
BENEFIT: Promotes medial strike pattern to promote a more stable, safer landing
-  **Shorter conical studs in the heel**
BENEFIT: Provides more control when landing

King will not use the new Women's Fit 3.0 tooling due to already utilizing similar stud shapes and sizes.

KING CLASSICS

	TOUCH	COMFORT	FREEDOM OF MOVEMENT
KING PLATINUM	Soft cow leather upper with sleek clean look provides elite softness and touch	Leather regular tongue construction fits various foot shapes. The external heel counter for best lockdown on the heel area and a lightweight Ortholite sockliner with premium lining for enhanced comfort.	Lightweight Lightweight & reactive PEBA FG/AG tooling with external heel counter and conical studs offers perfect balance between stability and manoeuvrability.
KING TOP	Soft cow leather upper (forefoot, quarters and tongue fold-over) for world-class softness and comfort touch.	Regular tongue construction with the iconic fold-over tongue and a new wider last provides a more universal fit to accommodate players of all foot shapes. A molded and lightweight Ortholite sockliner with premium synthetic suede cover enhances comfort.	Lightweight & responsive PEBA FG/AG tooling with conical studs offers perfect balance between stability and manoeuvrability, for a reliable traction.
KING LIGA	Soft cow leather on forefoot a provides optimal touch feeling and softness.	Regular tongue construction with the iconic fold-over tongue and a new wider last provides a more universal fit to accommodate players of all foot shapes. A molded and lightweight Ortholite sockliner with premium synthetic suede cover enhances comfort.	Responsive TPU tooling with conical studs offers perfect balance between stability and manoeuvrability
KING 21 IT	Soft yet durable synthetic upper for a timeless classic look.	A classic tongue construction with a suede overlay piece on the forefoot for improved ball touch and protection.	A low profile rubber outsole for optimal traction and ease of movement on indoor surfaces.

ATTACANTO III

The Attacanto III is a great option for players seeking reliable performance and modern style at an entry price point. Built for the creative, active player who wants maximum value without compromise on flair.

- Soft and durable synthetic upper combines a fresh honeycomb texture with a bold, visually dynamic two-color “claw” graphic inspired by the Future 10.
- A diamond pattern flows across the upper from medial to lateral, adding energy and character.
- Discreet attacanto branding on the tongue completes the look.
- New FG/AG tooling features a dynamic organic design paired with a radial textures for enhanced agility and multidirectional movement.

GOALKEEPER GLOVES

FUTURE

A DISRUPTIVE PRODUCT

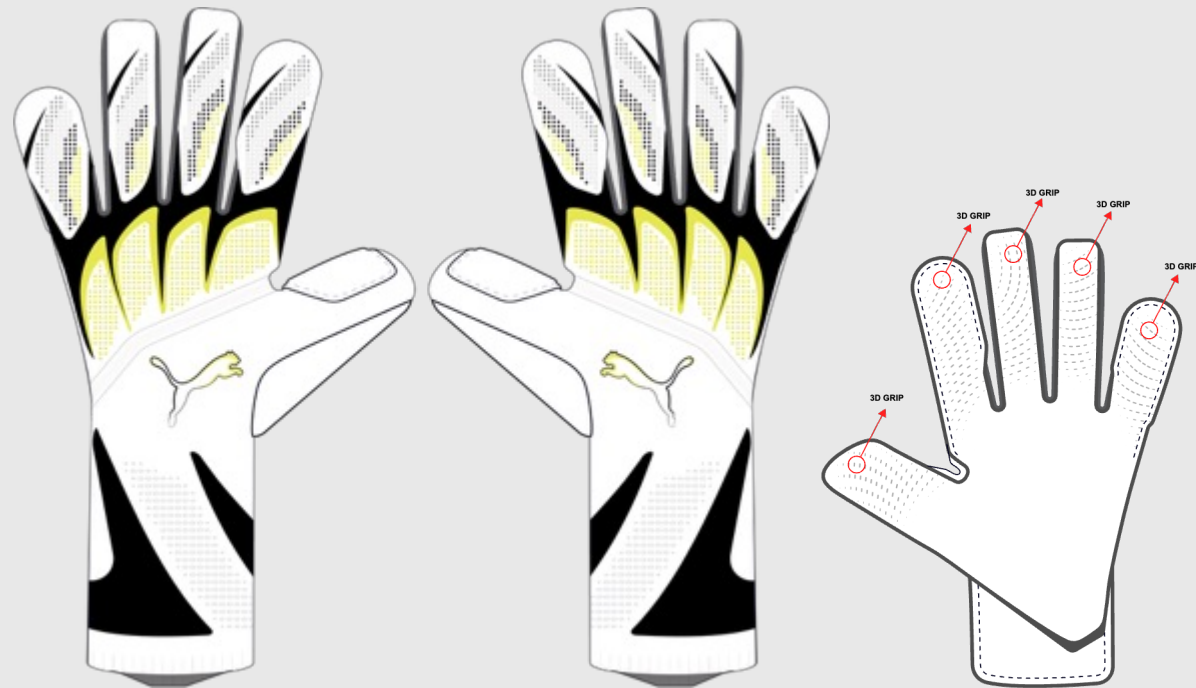

BREAKS THE MOLD OF TRADITIONAL GLOVE DESIGN.

REDEFINE PERFORMANCE STANDARDS.

FUTURE ULTIMATE HYBRID

042188

1

4mm ELITE CONTACT+

Advanced formulation with additional grip print microstructures maximizes frictional performance to ensure precise and consistent ball control in both wet and dry conditions.

2

HYBRID CUT

Combined inseam and semi-gun construction maximizes catching surface and ensures a snug fit.

3

FIBREGrip Technology

A brush-inspired filament structure creates a dynamic grip zone that maximizes friction and ball stability during impact.

4

HYBRID BODY DESIGN

- Light 4-way stretch textile for adaptive fit and unrestricted motion
- Engineered cuff features perforations and compressive knit zones for advanced comfort and wrist stability.

5

TWIN-WRAP THUMB DESIGN

Expanded latex-to-ball contact surface, enhancing grip and control for more confident saves.

PRODUCT INTRO

FUTURE Pro SGC - Designed for keepers who demand precision and flexibility, this glove delivers superior grip and adaptive comfort in all conditions. Featuring 3.5 MM SUPERSOFT latex, ergonomic design and a detachable strap for customizable support. It's an ultimate tool for confident saves.

- 1 3.5 MM SUPERSOFT LATEX**
Durable high quality latex for perfect grip in both wet and dry conditions.
- 2 SEMI GUN CUT**
Modified gun cut for maximum catching area and comfort.
- 3 PUNCHZONE**
Embossed lightweight punch zone designed in an ergonomic profile with grip prints offers a perfect balance of comfort and ball control.
- 4 TEXTILE BODY**
Adaptive, lightweight design for enhanced fit and agility.
- 5 THUMB WRAP**
Expands the latex-to-ball contact surface, enhancing grip and control for more confident saves.
- 6 DETACHABLE STRAP CLOSURE**
Wear it your way: elastic strap for firm fit and wrist stability — or go strapless for a lighter, unrestricted feel.

PRODUCT INTRO

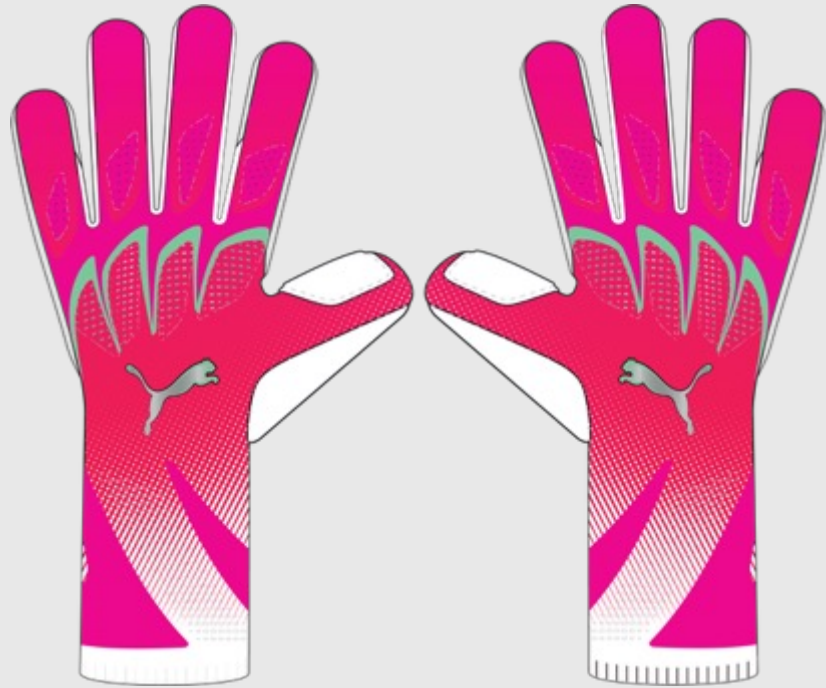

FUTURE Pro Hybrid - Designed for elite performance, this glove has durable 4MM DUO SOFT latex with a ribbed inner surface. The glove provides high wearing comfort and excellent grip in all conditions. The knitted backhand gives your hands maximum freedom of movement, and the latex punching area provides an outstanding performance.

- 1 4MM DUO SOFT LATEX**
Top-tier latex palm for excellent grip in both wet and dry conditions.
- 2 HYBRID CUT**
Mix of inseam and gun cut for maximum catching area and comfort.
- 3 LATEX PUNCHZONE**
Embossed latex punch zone designed with an ergonomic profile offers a perfect balance of comfort, ball control, and durability.
- 4 KNIT BODY**
Seamless construction for enhanced fit and agility.
- 5 THUMB WRAP**
Expands the latex-to-ball contact surface, enhancing grip and control for more confident saves.
- 6 STRAP CLOSURE**
Elastic strap for firm fit and wrist stability

FUTURE PRO NC WWC

042197

1

4MM SPEED RESPONSE LATEX

Elite soft palm for excellent grip in both wet and dry conditions

2

NEGATIVE CUT

For tight fit, close ball contact feel and perfect ball control.

3

PUNCHPADs

Integrated punch pads with grip print finish for optimal ball control and cushioning support without limiting the mobility.

4

ENGINEERED KNIT DESIGN

- Stretchy-knit construction molds naturally to the hand for a firm, adaptive fit and unrestrictive motion
- Integrated perforations maximize airflow for enhanced breathability.

5

TWIN-WRAP DESIGN

The twin-wrap design around the thumb expands the latex-to-ball contact surface, enhancing grip and control for more confident saves.
